### **What Lies Ahead...**

The following section contains the King James Version of the Biblical books of John and Romans. These are two very important books for a new Christian to take to heart -- we wanted you to have them. Please read them carefully -- devour God's plan of Salvation, along with His promises to His children.

After reading these two blessed books, you will begin the twelve discipleship lessons (beginning on page 5). You should have someone who is helping to disciple you in your new Christian walk -- feel free to lean on this person whenever you need to during this time of discipleship (if you have trouble with the abbreviations given for the books of the Bible, there is usually an index for these at the beginning of the Bible). Our Lord wants us to be His disciples, but so few of us actually are. That is why there is a "Discipleship Commitment Form" on page 4 -- you, and the person who is helping you, are to sign this form -- do so prayerfully before beginning your lessons.

***May God bless you!***
