PRAISE & PRAYER LETTER

May 2024

Dear Partners in Prayer & Ministry:

Thank you so much for your prayers while I was in Ecuador! As always God was so gracious to answer your petitions in a marvelous manner. I arrived back home this past Tuesday rejoicing in all that was accomplished for our dear Lord in the two OGI Institutes we were privileged to conduct among our Quichua brethren. Please continue to pray for Ecuador. The security situation continues to be a real and daily concern. This is especially true in Guayaquil which seems to be the epicenter of so much of the daily violence. The attendance and response was good in spite that sad reality. One dear brother, a deacon in the church where I preached on my first Sunday there, was brutally attacked at midday at a busy intersection and robbed the Saturday before I left. Some churches were hesitant to attend the institutes due to travel concerns at night. Some of the leaders are wanting to plan another meeting for next year, God willing. The need for pastoral training and encouragement is a pressing need there.

In the two Institutes in two different Quichua churches we were able to train 123 new local church pastors/leaders representing 6 different congregations. Also present were 14 seminary students and 6 national missionaries bring the total we trained to 143. Those present made commitments to train 3,276 new soul winners and plant 10 new churches in the next two years! Another blessing was to know that the Operation GO material is now part of the curriculum for Personal Evangelism in a seminary in Guayaquil! All this is the fruit of our partnership in obeying the Great Commission! THANK YOU!!!

OPERATION GO INTERNATIONAL INSTITUTES

Guayaquil, Ecuador— May 6-11, 2024

OGI Institute Graduates

Alexander

On the last night of the second OGI Institute a young lady, Maria, who received the training became burdened for her cousin Alexander. She brought him to the final session. After the session he asked to speak with me and I had the JOY of leading him to Christ. On Sunday Alexander came forward in the service to make public his decision for Christ. I had prayer with both of them at the close of the invitation! A real-life example of our teaching in action!
